## PRESERVING PLACEMENTS!

There was alleged medical neglect by a grandmother in 8b. Both children are diagnosed with disabilities. The grandmother was feeling very overwhelmed. Through our partnership, we were able to send two Parent Educators into their home on a weekly basis using CARE curriculum. One of Belong's resources, Chosen, also sent a clinician into the home.

The family is now connected with Every Child Inc. that has custom services designed to fit the family. Together, Belong and Region 8B were able to keep the children in their home. The family is doing really well overall and the children are back at school.

## TAPPING INTO RESOURCES!

A pregnant youth in 8b was homeless during the first three months of her pregnancy. Her and her family lost everything and through Belong's Parents as Teachers program, the youth was able receive the support and mentoring she needed.

"Mrs. Lindsey has been the most helpful and supportive mentor anyone could ask for! I couldn't be happier to be able to learn what's best for my child." – Youth

## Quotes

### Providers

"Belong has been great and we have enjoyed working with your staff thus far. We have only been met with kindness, enthusiasm, and professionalism so thank you!"

"Our interactions and the support we've received with Belong has been very good. We appreciate the effort and the level of communication."

### Staff

"The Intake Specialists I have worked with have been fantastic and very realistic."
